

Mining and Financial News

BY REVIEW LEASED WIRE

NEW YORK, Oct. 30.—The conflicting and erratic course of today's stock market trading suggested adjustment of speculative contracts preliminary to the approaching election. The susceptibility of the market to international conditions also was evinced by a decline in the forenoon on the occurrence of another episode involving the U-boat question.

Standard shares were under more or less restraint. Investment rails yielding one to two points at lowest levels, while some of the minor shares of that group manifested a revival of late month's strength and activity. Steel shares advanced 3% to 35, the price of the year.

United States Steel also reflected the adverse opinion current regarding the currency statement to be issued tomorrow. For some inexplicable reason, forecasts dealing with this event were more conservative than the estimates and views of the previous week. Metal issues made up a goodly part of the day's large and diversified business. Chino Copper being most conspicuous in its particular class by reason of its ascent to the new record of 63 1/2. Zinc issues awakened from their protracted torpor, American Zinc rising almost 6 points to 52 1/2. Total sales amounted to 1,170,000 shares.

Bonds were again uneven on lower quotations for international securities. Total sales par value \$4,960,000. U. S. bonds were unchanged on call.

METAL MARKET

NEW YORK, Oct. 30.—Lead 7 at 7.10. Spelter quiet, spot East St. Louis delivery 9 1/2 at 10 1/2. Copper strong, electrolytic first quarter 28. Bar silver 67 1/2.

CHICAGO GRAIN.

CHICAGO, Oct. 30.—Possibilities of renewed tension between Germany and the United States regarding the submarine warfare did a good deal today to handicap the bulls in wheat. Largely as a result, the market closed unsettled at 1.90 to 1.96 for December and 1.85 1/2 to 1.87 for May with the market as a whole 1/2 off. Corn showed a net loss of 1 1/2 to 2 1/2 and oats off 1/2 to 1/2. In provisions the outcome ranged from 95 decline to a rise of ten cents.

Wheat at first displayed a decided tendency to advance, influenced by increase drought damage in Argentina, and by word that owing to continued hot dry weather the Rosario market was excited and 15 cents higher. Besides world shipments for the week were below requirements. Following advice of the sinking of a steamer which had many Americans aboard the market underwent a series of setbacks, which were accelerated to some extent by an increase both of the domestic and the Canadian visible supply. Before the down turn began in the wheat market new high price levels were touched well above any recently attained.

Enlarged receipts made corn weak during most of the session. After early strength oats receded with other grain.

Much weakness in provisions resulted from unexpectedly big arrivals of hogs here. Later, however, something of a rally took place.

NEW YORK, Oct. 30.—Market opened higher and for a time acted as though it might have a good advance but liquidation set in and prices closed around the low of the day.

The copper share was under more or less restraint. Investment rails yielding one to two points at lowest levels, while some of the minor shares of that group manifested a revival of late month's strength and activity. Steel shares advanced 3% to 35, the price of the year.

United States Steel also reflected the adverse opinion current regarding the currency statement to be issued tomorrow. STUDY THIS MAP OF ARIZONA RAY

This shows the location of the first drill hole on the Juarez claim, owned by the ARIZONA RAY, where I predict the ore body will be encountered at 150 feet.

Note the drill holes of the RAY CONSOLIDATED and RAY HERCULES adjoining. Note the closeness of the HERCULES drill hole, where it is estimated that the ore body is 400 feet thick. I stood at this point not two weeks ago with several prominent engineers. I am confident that ARIZONA RAY, on their Juarez claim, has the same ore body and the same thickness.

I sold this week 50,000 shares of ARIZONA RAY at 28c. This order is in my office sized and can be verified. My people were willing to pay 28c for it because that size block couldn't be bought at 27c.

ARIZONA RAY is now listed on the Los Angeles Stock Exchange—I learn from a stock exchange member that it will be called on Saturday. It is already ready listed on the San Francisco Stock Exchange—where it is very active. It is traded in on the Curb. I advise its purchase stronger today than I ever did before.

I have maps and engineers' reports which I will show to any one who calls, or I will mail full information. Remember, I own 50,000 shares of this stock myself—it is not for sale—I believe in it.

Write your orders at market with 30c limit. Followed with remittance by mail.

P. S.—I was one of the original promoters of Jerome Verde. I sold hundreds of thousands of shares at 10c to \$1.00. I believe I can pick a copper stock.

NOTICE TO ARCHITECTS.

The Board of School Trustees, of School District No. 2, Bisbee, Arizona, County of Cochise, State of Arizona, in accordance with the provisions of the laws of Arizona, hereby advertise for plans and specifications in detail for a School Building, to be erected in Lowell, County of Cochise, State of Arizona.

The sum authorized to be expended for the erection of said structure, including architect's premium and the fee for the superintendence of construction, is the sum of \$25,000.00 Dollars. The premium, which is to be awarded to the architect whose plans and specifications for said building may be adopted, is 3 per cent of the contract price.

The architect whose plans and specifications may be adopted, before any premium shall be awarded therefor, must execute and file with the said Board of School Trustees a good and sufficient bond with two sufficient sureties thereto, or with an approved surety company as such, in the penal sum of Five Thousand Dollars (\$5,000.00), said bond to be approved by said Board of School Trustees, conditioned that within sixty days from the date of said bond the said architect, will, on presentation to him, enter into a contract containing such conditions and provisions as may be required by the said Board of School Trustees, and also that he will give such further bond to secure him in the faithful performance of such contract with such sureties as may be required of him, in the event that said Board of School Trustees should within sixty days require said architect to enter into such contract to erect said structure at the price aforesaid.

The preliminary plans and specifications in detail for such building must be submitted to the said Board of School Trustees, at the office at Central School, by 12 o'clock M. of the Fourth day of November, 1916.

The said Board of School Trustees reserves the right to reject any or all of the plans and specifications which may be submitted according to the program of the competition, and also reserves the right to make its own provision for the superintendence of the erection of said building.

The program of this competition, including general specifications for said building, information relating thereto, blueprints of suggested floor plans, may be secured on application to C. F. Philbrook, Superintendent of Schools, at his office in the Central School Building.

BOARD OF SCHOOL TRUSTEES, OF SCHOOL DISTRICT NO. 2.

John Mason Ross, President.

C. A. McDonald, Clerk.

Dr. C. H. Hunt, Member.

JEROME PORTLAND COPPER MINING CO.

Last chance to get this stock at \$1.00. The books of the company absolutely close for sales of stock October 31, as the stock goes on the curb November 1st. Do not forget this property consists of 28 claims approximately 520 acres of the best mineralized ground in the Jerome district. Do not forget this property is in the heart of the Jerome District and adjoins the Green Monster and Copper Chief mines, also Senator Clark's mine, the Equator.

This company is the only company at present sinking a three compartment shaft. The shaft is in the same formation the Copper Chief went through before hitting the high grade ore. Get in on the ground floor and make a quick stake. For full particulars see T. P. Esmond at Hoxan & Seed, 50 Main St., Bisbee. P. O. Box 1056—Advertisement. 930
